To Box Out Bullying Production Company:

Your production was fabulous, a great way to kick off or reinforce a bullying program and great for a one time event to raise awareness about bullying. The kids all had a great time and learned a lot. I would recommend it as a program or assembly for any of our area schools, especially k-6. I'm enclosing a list of our area schools for you to contact to offer the program to them. It would be well worth their time to present it to their kids. We plan to use your services again for other programs with young students. Keep up the good work!
