

ASSEMBLY INTRODUCTION

Elementary School

Welcome to Box Out Bullying!

The following These performers come from New York City. Each year they visit hundreds of schools all across the country, but they are especially happy to be here in (your school)!

Now students, this is live theater. And in live theater, unlike movies and television, the actors can see and hear you. So, if you talk or whisper during the assembly, you disturb not only friends around you, but also the performers onstage. Use your best listening skills and you will learn valuable lessons and enjoy the show.

Because we have a **great show** about bullying prevention. It's actually **the greatest show** on bullying prevention... according to these actors. So please give a warm welcome to Tom and his cousin Jerry!

Thank you! Please return this introduction when you are finished.
